Kath Fontana FRICS
Immediate Past
President of the Royal
Institute of Chartered
Surveyors

The Worshipful Company of Pattenmakers

The Dinner for FM and the Built Environment is an annual Livery dinner held by The Worshipful Company of Pattenmakers to celebrate the people, projects, concepts, and innovations leading the way in property and facilities services.

Although the footwear industry represents the traditional trade heritage of the Pattenmakers, the Company is also home to a thriving community of professionals from the facilities management and built environment sector.

The Pattenmakers Charitable Foundation raises funds each year to provide financial and practical aid to a portfolio of good causes. Through our fundraising activities and common purpose we make available grants, bursaries, expertise and encouragement in support of our trades, our youth, our City, and our military affiliations.

Guest of Honour and Principal Speaker

Kath Fontana FRICS is Managing Director, Projects at Mitie PLC, President of the RICS for 2020/21, and a Non Exec Director of the UK BIM Alliance. She has developed her career in the built environment over thirty years, progressing to senior roles in property, FM and construction.

Now a highly experienced and influential industry leader, she is committed to 'pay it forward'. She is active in driving engagement and inspiring change in the built environment and is a passionate promoter of technology, social impact and diversity as drivers of long term value.

In her 'day job' she is accountable for Mitie's capital works projects division, leading a team of over 1000 staff delivering construction services to private and public sector blue-chip clients

As RICS President she was a global ambassador for the RICS thought leadership agenda to address critical issues in the built and natural environment, from urbanisation to technology and climate change.

In her spare time, Kath enjoys spending time with friends and family, especially her three year old grandson, and is a keen but inconsistent golfer. Kath is a Freeman of the Worshipful Company of Pattenmakers.

IRONMONGERS' HALL

Home to the Worshipful Company of Ironmongers. This is their fourth hall since they were first chartered in 1463. The last hall was destroyed by a WW1 bomb. The present Hall opened in 1925.
